EMERGENCY PURCHASES

The Illinois Procurement Code requires agencies expending funds in an emergency to file an affidavit with the Auditor General within 10 days after the procurement, setting forth the amount expended, the name of the contractor, and the circumstances requiring the emergency purchase. The Auditor General, in turn, is required to file a quarterly report with the Commission and the Governor setting forth a complete listing of all emergency purchases reported during that quarter. The latest report is for the third quarter of Fiscal Year 2006 and it contains sixty five filings with this Office.

CONTRACTUAL SERVICES CERTIFICATIONS

Pursuant to the requirements of the State Finance Act at 30 ILCS 105/15a, State agencies must file a certification with the Auditor General prior to the execution of any contract with a former employee who took an early retirement incentive based on retirement before 1993. The certification must state that the former employee either possesses unique expertise or is essential to the operation of the agency.

During the third quarter of Fiscal Year 2006, the Auditor General received no new contractual services certifications.

Copies of certifications received in previous quarters are on file in our Office.

Yours truly,
